NATIONAL ARCHIVES AND RECORD ADMINISTRATION
FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog.* You can also view the National Archives microfilm locator on our web site at *www.archives.gov.*

INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfilmed records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported To General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, decease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.[1] Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."[2]

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.[3]

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various aliments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.[4]

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from $2 to $7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.[5]

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of corps, Tillson instructed his officers to secure contracts paying men $12–$13 per month, and $8–$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and south-western Georgia, where "good crops" could be raised, men were to be paid $15 per month, including board and lodging, and women $10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."[6]

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381orders for transportation for some 2,947 men and 1,013 children.[7]

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed $50, or the punishment did not exceed $50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.[8]

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.[9]

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during it first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to taken on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.[10]

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some $21,000 for state superintendents' salaries, the Act made available $500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly $105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional $10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.[11]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Georgia, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Georgia and South Carolina. These record series are available in the following National Archives microfilm publications:

M742, *Selected Series of Records Issued by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands,* 1865–1872

M752, *Registers and Letters Received by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872*

M803, *Records of the Education Division of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1871*

M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*

M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*

M869, *Records of the Assistant Commissioner for the State of South Carolina, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*

Records in other record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821–1920, Record Group (RG) 393, are records of the military district of Georgia. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865–1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with the bank branches in Georgia.

There have been numerous books, articles, and dissertations published about the Freedmen's Bureau and its operations. For Georgia, see Paul A. Cimbala, *Under the Guardianship of the Nation: The Freedmen's Bureau and the Reconstruction of Georgia, 1865–1870* (Athens, GA: 1997). For general background, see Paul S. Pierce, *The Freedmen's Bureau, A Chapter in the History of Reconstruction* (Iowa City, IA: 1904); George R. Bentley, *A History of the Freedmen's Bureau* (Philadelphia, PA: 1955); and Paul A. Cimbala and Randall M. Miller, eds., *The Freedmen's Bureau and Reconstruction: Reconsiderations* (New York: 1999), especially pages 93–118.

Several books written about Commissioner Oliver Otis Howard include O. O. Howard, *Autobiography of Oliver Otis Howard* (New York, NY: 1907); John Alcott Carpenter, *Sword and Olive Branch: Oliver Otis Howard* (Pittsburgh, PA: 1964); and William S. McFeely, *Yankee Stepfather: O. O. Howard and the Freedmen* (New Haven, CT: 1968).

Doctor.

I have the honor to state that the large new ward of this Hospital caught fire early this morning. The fire originated from the stove pipe which passed through the roof. & must have been imperfectly protected by the sheet iron which surrounded it. The fire however did but little damage destroying but a small portion of the roof. in fact the firemen did more injury than the fire. no property was destroyed. but have no doubt many articles were stolen. as everything was thrown out promiscuously.

Sir

In reply to your communication of the 2d. I have the honor herewith to forward a list of Articles which will be required to continue this Hospital if turned over to the City Authorities. My estimate is made for the fitting up of seventy-five (75) Beds. Am I to make out a list of names of the inmates in this Hospital and with-draw from application to the Inferior Court for them to take charge of them? or shall I wait for further instructions from your Office. I have made but little progress in getting rid of the old Cases of late.

Very Respectfully

I have the honor to Forward herewith Statement of Dr Gober & Tennant in relation to the Condition of Sick Destitute people. There is Godly number of woman & Children & old disabled people who are wholly unable when Sick to even pay for Medicine or anything Else. The Physicians here Gober and Tennant and Especially Dr Gober who has done 2/3 of the Charity and has not Collected half Enough to pay for Medicine used. They are both unable to buy Medicine and practice without pay. but are willing to do all in their power for those distitute people I would respectfully Recommend that Dr Gober be or Tennant be furnished with Medicine and if possible Some little Compensation for giving it out to the Sick

Maj. W. T. Bryan,

Dear Sir
I wish to call your attention to the condition of the freedmen of this section. They are too poor to pay for medicine & medical attention, & the physicians are not able to attend them for nothing. And as the Government has provided medical attention for them in other sections I think in justice to the freedman & physicians here something ought to be done for this section. I have been attending to the most of them for more than two years &

out of several thousand dollars
worth of practice done for
them, I have not rec'd over
one hundred dollars in fees
from them. I cannot stand
it without some remuneration.
I have to pay cash for my
drugs & my time, & prescribing
for them & visiting them
is worth a good deal. Will
you out of kindness lay this
subject before the proper
authorities for consideration
& I hope, action. I have
several very destitute cases
on hand now, where I even
have to look after proper
nourishment for them. The
increasing sickness of this
season makes it impossible
for me to furnish them
all with medicine and
attention unless some
compensation can be realized.
Hoping that you will
the subject before the proper
authorities at an early day
I am very Respectfully
S. S. Gober, M.D.

I fully concur with Dr.
Gober in the above statement.

Sir,

I have the honor to report that in obedience to orders from the offic of Surgeon-in-Chief, under date of July 12, 1867, I made application to the Inferior Court of Chatham County to try the cases of Samuel Snipe, Rebecca White, Lucy Allen, and Jane Campbell. The verdict of the Court was that Rebecca White and Jane Campbell are Lunatics, and Samuel Snipe is an idiot, that they are all paupers, and as such be committed to the State Lunatic Asylum at Milledgeville.

I have other cases of Idiocy, but as my instructions referred only to cases of Insanity, they were not presented to the Court.

Not knowing whether the Certificate of the Court in this case, should be filed in this office, or in that

of the Surgeon-in-chief, it is herewith respectfully transmitted, with the request that if it belongs in this office, it may be returned.

Sir,

We would particularly call your attention to the immense amount of suffering among the indigent families of this and the adjoining counties, for want of proper medical attention. And ask if some means might not be devised, whereby they might receive some relief, through the department you represent. At present the whole burden falls upon the local Physicians, both for personal attention and medicines We would gladly give our attention if we had the necessary medical supplies. A large proportion of our stock has already gone to answer the calls of charity

And in justice to ourselves, we would ask that others might share with us in contributing to the wants of the poor.

We are sir

Sir

I have the honor to acknowledge the receipt of your Communication of the 21. inst. giving instructions with reference to Cholerine. Since my last letter I have had one more fatal case of the disease. The patient was brought in at night — in a state of Collapse. He had been treated by some physician in the City and was without doubt sent here to save burial expenses to the City. I have had altogether three (3) Cases of Cholera all proving fatal within six (6) hours after admission. I do not apprehend there will be many cases of the disease in this vicinity the present season. I have never heard of but one case of Yellow fever in this City the present season and that case was in July. I will keep you informed in Cases of Cholera & Yellow fever

Very Respectfully

Sir

I have the honor to transmit herewith corrected Report of whole number of patients admitted to this Hospital from Sept. 8th 1865 to Sept. 30 1867, inclusive, and length of time in months each patient has remained in Hospital. In my former Report returned for correction, I made an error in not accounting, in length of time in Hospital, for patients still remaining on the 30 day of September 1867. which I have corrected. Another error in date of admission of six (6) patients, I have also corrected. I have also given the number of patients remaining in Hospital less than one (1) month, which did not appear in my first Report.

I have the honor to state that I have made the inspection of Colored settlements in Savannah, called for by orders from Surgeon in chief State of Georgia dated Atlanta Ga February 17th 1868 and respectfully submit the following report.

At the present time it is generally very healthy. I have seen but few cases really needing the attention of a physician and these not serious. Common colds is the prevailing complaint.

From the answers given to my inquiries as to their circumstances and means to provide for themselves in case

of sickness, I am satisfied that many of them are truly in a pitiable condition. Those who have always lived in the city are, comparatively speaking in comfortable circumstances and prepared to meet their necessary wants. But there are large numbers from all parts of the county now living here, many of whom are out of employment and seemingly satisfied if their present wants are but poorly supplied

It is this class that would suffer beyond description should an Epidemic disease break out among them providing the means now supplied by government for their relief and care should be withheld before other means are provided—

Sir

In compli-
ance with your instructions dated
Atlanta Ga February 24th/68 requiring a
more definite and explicit Report of the
condition of the Colored people of Savannah.
especially as to the relative Nos of residents
and non-residents and the amount of actual
destitution among the latter class. I would
respectfully state that I have availed
myself of every means practicable for
information and believe the following par-
ticulars to be approximately correct.

The colored population of Savannah
numbers fifteen thousand (15000); Of this number
five thousand (5000) are non-residents.

Of the resident population seventy five
one

(75) per cent are in circumstances to provide for themselves in any emergency. While of the non-resident population not more than ten (10) per cent are in like circumstances.

From this exhibit it will be seen that the amount of actual destitution is as follows. viz: Resident population two thousand and five hundred (2500), Non-resident population four thousand and five hundred (4500). total seven thousand (7000) who, the moment that sickness or any other calamity overtakes them, are objects of charity, or paupers.

Believing the foregoing particulars fulfill the requirements of your endorsement of the 29th ultimo, I have the honor to be

I deem it proper to ask you respectfully to obtain from the D. Mo. Lime & Charcoal. I observe around me a disagreable smell which I think may be partially destroyed by disinfectants. It is important to have it distributed around my quarters & the quarters of Col. Howard: also around the quarters of the few Soldiers.

Dr. James M. Laing.
Surgeon in Chief. B.R.F. & A.L. Ga.
Sir,

I have, on my hands a quantity of Hospital Clothing, bedding &c &c which was sent me from Washington by Maj. Eldridge Asst. Storekeeper. I made requisition and signed receipts for it by orders. In the spring I received an Invoice of clothing for the destitute by order of & approval of the Asst. Commissioner. The Agent at Albany req.d corn and bacon for the destitute. I was instructed that this Invoice from Maj. Eldridge was to be expended in the same way as clothing. Corn & bacon on Form 88. 33. 15 &c on Approval of Asst. Commd.r. I assure you there is urgent need of these stores by the very sick & destitute. The articles I have on hand are, almost without exception old and much worn, proper to expend without injury to the service, as a deed of christian charity, as intended when requisition was made. Having been instructed to apply for approval of Asst. Commd.r to expend. I respectfully ask you what disposition shall be made of the stores &c

I have the honor to remain

Doctor.

I have the the honor to transmit herewith "Requisition for Medical and Hospital Supplies for Refugees and Freedmen" needed at the station of Albany for the period of three months from October 1st to Dec. 31, 1867.

For Lee Co. Dougherty Co. and Worth Co. I am confident I shave made a correct estimate of population. In the remaining Counties I have taken the population of 1860 which I believe to be less than the present (colored) population.

I believe it is safe to estimate the number of sick at 75 per cent. of the population, owing to the surprising prevalence of miasmatic diseases. This extensive sickness interfers with the prosperity of the colored man tending to keep him poor.

Occasionally patients present themselves from counties not herein mentioned.

The expense of sickness is serious by felt by the freedman.

The expense of living, deduction for lost time & Physicians fee

cause much suffering, rendering it necessary for me to call for a supply of medicine sufficient to supply a large number of indigent sick freedpeople. I trust you will observe the amount of suffering prevalent here & the urgent call for christian benevolence.

Table

Colored population	Per cent sick	No to treat sick	No beds
Sumpter Co - 4890	.05	244.5	24.45
Lee Co 7725	.55	4248.75	424.875
Dougherty Co 9725	.55	5348.75	534.875
Worth Co 500	.55	275	27.5
Terrel Co 2879	.02	57.58	5.758
Irwin Co 250	.01	2.5	.1
Mitchel Co 1589	.55	873.95	87.395
Baker Co 3500	.55	1925.00	192.00
31058	.247	12976.03	1297.853

Patients from a population of 31058, colored, present themselves for treatment. The per cent. of sickness is estimated at .247

12976. sick equal to 1298 beds.

Requisition is made for 600 beds, the smallest number the experience of the place has proved to be necessary to accomplish the design of the bureau in establishing the Dispensary,

600 beds = 6000. Dispensary patients = .62 per cent of the estimated sick = .198+ per cent of colored population.

Jas. M. Laing, Surgeon in Chief

Dear Sir.

I have the honor to Submit to You Some Observations that I Consider important to the benefit and Comfort of the patients in My hospital

I have not bedsteads enough for all My patients and many of those in Use are much in Want of repair Several patients are Laying on the floor Which is Very open.

Two and three Children are Sleeping on one bedsteads In the Male Ward much repair is indispensable. Windows, have to replace Sliding Shutters.

Turn over

In two Wards Repairs have
to be made to the Roofs and
Walls. Large amount of Squares
of glass has to be replaced
If possible Bed covers
would be very acceptable
as the nights are becoming
very Cold.

Please instruct me if
I ought to make Requisition
for the Whole or part of this.

Transmitting Requisition for Medical & Hospital Supplies for the 2nd Quarter 1868

[illegible]

Rec'd March 17-1868

Freedmens Hospital
Atlanta Ga.
March 12th 1868.

Sir:

I have the honor to transmit Requisition for Med. & Hospital Supplies for the 2nd Quarter 1868. But the delay in forwarding supplies for the last Quarter 1867, together with the late increase in the Standard Table and decrease in the number of patients both in Hospital and Dispensary have by this time caused a surplus of the most of Medecines, which, with a small supply of a few articles as called for in the enclosed Requisition, will be sufficient, I think, to supply the expected diminishing demands for the coming Quarter; although my previous Requisitions as well as this have only been made for 500 patients instead of 1100 (10 percent of

Office Freedmens Hospital
Atlanta Georgia
April 15 - 1868

Sir

I have the honor to report that I have twelve inmates in my Hospital who are proper subjects for the "Poor House" but not for the Hospital as they are permanently disabled and cannot make a support for themselves; and yet I cannot discharge them, as they would then die in the street.

One is a woman who is partly deranged in mind, one is crippled by Chronic Rheumatism, — One has lost a leg and is otherwise crippled, — another suffers from old age and Cataract, — one old man is slightly deranged and infirm, — one is Epileptic, — and three are permanently disabled as the result of Spinal Affections, — One from Nostalgia, and another from old age and Chronic Rheumatism. Please inform me what I must do with these cases.

WAR DEPARTMENT,

Office of Chief Medical Officer,

Washington, February 1 1865.

Sir:

Your endorsement on the communication of Mrs. Effie addressed to you January 24, 1865 (which, it may be remarked en passant was not the proper form of reply to an original communication from a higher source) dated January 27, relates only to a single article (certain resins) in G. O. Morgan's requisition, making no mention of the substitutions Spts. Vini Gallici for Whisky, nor referring in any way to several articles on D. Taylor's requisition or to substitutions on D. Hodges requisition.

My letter of the 24th inst. was intended to call your attention to the omission to comply with the requirements of this Office set forth in Circular Letter of July 10, 1867, in every case. Whether I would or not have addressed you a letter on the

(over)

subject had the reservation for D.r G. Hoyne
been the only article coming under the provisions of
that Circular, I do not pay — the principle would
have been the same however, as for a hundred articles.

Your statement in reference to the supply
of medicines to the detachment of troops at Brunswick, is satisfactory. Without it however the facts were not known or understood at this Office. I am perfectly willing to make arrangements of this sort, but they should be fully reported in every instance where they are entered into with Medical Officers.

In reference to the subject of "great delay in the receipt at the Hospitals and Dispensaries in this State (Georgia) of the Medical and Hospital Supplies for the Current Quarter" as reported in your letter of December 31 1867 to which letter was referred to the Chief Medical Purveyor of the Army at New York and was again returned to you for more specific information

(over)

, and which has just been received back at this Office with your endorsement of January 27, 1868, &c. &c. only say that it would seem from the last statement and Dr. D. Wingate's letter of the 23rd inst. that no other delay has occurred than that referred to by D. S. A. in reference to a portion of the Supplies. If other delay have occurred in the State you will please report them, as were designed by the reference back to you on the 15th of January from this Office. If there are no others, it would have been proper to have made your first report more specific by referring to the Supplies for Atlanta alone. I shall make a further request of the Chief Medical Surgeon to furnish additional information in reg. and to the supply of medicines and dressings for Atlanta.

Sir:—

No official report has been received to endorsement from This Office dated February 18 1868 returning two duplicate copies of a contract with Dr. Rauchenberg for reasons as to why a contract was made with Dr. K. as a Medical Officer at a salary of $1205 per month, when on Return of Medical Officer Quitzjar he was reported as performing the duties of Dispensary Physician at Albany in addition to his duties as Agent, without Compensation for former service.

If it was merely intended to contract with Dr. K. as an Acting Asst Surgeon to give validity to his official acts in such capacity, and to be paid under his appointment as Agent, which is presumed to be the case, then the contract with the Medical Depts should be in the accompanying form.

Savannah Ga.

WAR DEPARTMENT,

BUREAU OF REFUGEES, FREEDMEN, AND ABANDONED LANDS,

Office of Chief Medical Officer,

Washington, April 4, 1868.

Sir:—

From information recently communicated by you (unofficially) respecting medical affairs at Savannah, and with a view to meet the demands which would inevitably be made upon this department of the Bureau in case an epidemic should prevail in that City during the ensuing season, I consider it judicious to maintain a hospital organization there for some time yet, if the assistance of the Bureau should be prolonged by further concessional action.

You will therefore make arrangements for such a purpose, taking care to prevent the creation of a large and expensive hospital establishment.

Report your action to this Office furnishing

Sir!

You will please confer with the Supt. Govt. of the District with a view to making arrangements, other than now exist, for treatment of enlisted men taken sick while on detached service exclusively with this Bureau.

Probably, on consultation with the Medical Director, Dist. Col. measures might be concerted for securing the transfer of the sick to nearest hospital; and where this is not practicable, a contract might be made with a Private Physician, at a Compensation based on the rate established by par. 1301 Reg. Army Reg. Ed. 1863, at places where troops are liable to malarial or other morbific influences, and treatment calls for medical attendance are likely to arise.

WAR DEPARTMENT,

BUREAU OF REFUGEES, FREEDMEN, AND ABANDONED LANDS,

Office of Chief Medical Officer,

Washington, June 26th, 1868.

Sir:

It is the desire of the Commissioner to reduce still further the operations of the Medical Department of the Bureau - I am therefore instructed by him to direct you to make arrangements at once for closing up every hospital in your District, except one only, to which the permanently sick and dependant freedmen now in charge of the bureau shall be sent - The hospital thus to be temporarily continued, will be determined by yourself having reference in making the selection, to whatever local needs may exist for its continuance, such as largest population of dependant Negroes; liability to visitations by epidemic diseases etc: -

Whenever the Assist: Commissioner of the District may direct the civil authorities to take charge of the sick and destitute freedmen, you will be authorized to turn over a portion of the hospital furniture and medicines to them, reporting to this Office in advance, what is proposed to be done and giving an inventory of the property which is expected to be furnished to the authorities at the time of the transfer - Should the Commissioner approve the list, authority will be given for its transfer, when receipts will be taken in duplicate for the articles so turned over -

A list of patients stating, age, sex, where born, how long living in the State, how long in hospital,

disease or disability for which admitted or now existing, and of how long standing, will also be forwarded to this office—

You will also by direction of the Commissioner proceed without delay to close up the majority of the Dispensaries now extant in your District— No time will be lost in accomplishing this work, the necessity for many of them, if it ever existed, no longer remains, and the period has now arrived when the communities and the freedmen as part of these communities, must depend upon their own exertions for the care and maintenance of their sick— It is not proposed, nor can it be expected that the Government will indefinitely assume this charge.—

Should a dispensary therefore, in your opinion be required in any portion of your District, you will at once make a report upon the subject, giving the fullest and strongest reasons for the belief— The reasons that have heretofore obtained for establishing a dispensary, will not be considered in every case sufficient to warrant its continuance, and it is expected that none will be continued after the termination of the current year—

Very respectfully,
Your obdt. servt.

I considers it my duty as an Agent of this Bureau to report to you the facts in regard to the condition of Dr. Geo. C. Dolton Act. Asst. Surgeon in charge of the Freedmans despensary of this Bureau Who in my opinion is not in a condition to take charge of the same. He has to my positive knowledge been so drunk for the last four days as not to know anything and is not as yet conscious of his condition. And I think Major I can safely say he has not been sober Enough to do justice to his business since I came here this is not the first

time since I came here that he has been in the same condition there is plenty who will testify as to the truthfulness of my statement in this matter. As his present condition and in the condition he has been in for most of the time since I have been here he is a disgrace to the service and his continuance here is a scandle upon the government and an outrage upon the freedpeople. I trust you will give this matter proper and immediate attention

Doctor

In explanation of your reproof of the tenth of april, and in justice to myself I feel it my duty to make the folowing explanations. The letter of transmital which you received was not one that I intended to be fowarded; but was merely a draft of one that I drew while sick in my bed. and sent it with the report to have copied; for I was not able to do so at that time myself; but instead of the person copying as reguested he fowarded the draft I had given him, I had no idea that any such papers had ever been sent from this office. I was induced to send duplicate copy of weekly report when I learned from your private letter to me that you had not received it yet. My health is now improving, and hoping this may find you well and also to see you soon. I remain your obedient Servant

Sir

With reference to your letter, dated November 4th 1867, I have the honor to report that Dr Lodge has left New Orleans to take up a Contract in this State, and that his services are much required at Newton Baker Co, as reported in letter from Messrs Carew and Touchstone with the endorsement of the Agent of the Bureau there, dated Oct 18th 1867, and forwarded to you on the 23d October. I have therefore the honor to request that he may be appointed, to date from November 5th 1867, and that Authority may be issued for him to recover his expenses from New Orleans to this City.

I have the honor to forward my Requisition for Medical and Hospital Supplies for the first quarter of 1868 I have not a copy of the amended supply table, so possibly may have Entered some articles which are not contained therein – Should that be so, and they be disallowed I would ask permission to get them here by trading away drugs that may happen to be in excess of my requirements – I have asked for nothing but what is strictly required – For instance Ammon. Carb. and Acetic Acid – are not on the old supply table, and yet Liq. Ammon. Acet – is an important medicine in treating the diseases of colored people – They don't bear depletion, but they are always benefitted by counter irritation, and diaphoretics

Sir

I have the honor to report that, in pursuance of instructions received, I wrote to A. A. Surgeon T. R. Clement U.S.A. in charge Freedmens Hospital Savannah Ga, on the 20th of November 1867 (Copy enclosed No 1) directing him to receive no more patients, with a view to closing that Hospital.

After receipt of that Order, Dr Clement wrote to me privately that Patients were constantly being brought to his Hospital, and that the Managers of the City Hospt refused to admit them. On the night of December 30th 1867 I left for Savannah, in company with Major Lewis A. D. C. and found, on seeing the Mayor of that City, that he had no power to order the admission of a single patient to the City Hospital, but he promised to have the sick freed-people belonging to the City looked after by the City Authorities.

Since that time I have received a letter from Dr Clement, (Enclosure No 2) in consequence of which, I have been obliged

to apply to you for a discretionary power to be granted to Dr Clement to admit such cases as those mentioned in that letter, to his Hospital.

In consideration of these circumstances and the suffering that must result to the poor people from the closing of the Hospt at Savannah at this inclement season, I have the honor to request that Authority may be granted to suspend all preparations to close that Establishment for the present.

Sir

I have the honor to state that freedpeople are brought to this Hospl daily in a dying condition, they having no homes, nor friends in the City as they state to me.

The Mayor has sent one freedman twice in the same day, accompanied the second time by a police Officer, who was instructed to say to me that if I could not admit the patient in Hospl, he would have to lay in the Streets. I did not admit the patient, and he has since died in the house of a freedman as I am told near this Hospl. The wife of the patient was with him, and she applied to me to-day for a Coffin, but I declined to bury her husband. He is not yet buried.

One man was brought here to-night, picked up in the Streets. He cannot live twenty-four (24) hours.

None of the patients brought here for the past week, belong in this City. I have seen the Mayor, but I judge he expects the Bureau to provide for the non-resident, while the City will provide

for the resident Colored paupers. This is mere supposition on my own part, founded upon the fact that Genl Lewis told me that the Mayor promised to provide for the patients in Hospl belonging to Savannah, and from the fact that the Mayor has sent patients to this Hospl since Genl Lewis conferred with him.

I judge, and in fact have been told by physicians that there is considerable sickness, among the poor people just at this present time occasioned undoubtedly by the sudden change of weather, from warm and dry, to cold and wet.

I would respectfully state that the Inspecting you ordered has not yet been made, as Capt Hoag has not been able to attend to it.

I make the foregoing report for your information, hoping that my conduct in the cases mentioned will meet your approval, even if it does bring upon me the charge of inhumanity.

Very respectfully

Sir

Your letter of the 8th inst applying for an artificial leg for Dave Hart freedmen, has been referred to me. I have the honor to request that you will call on A. A. Surgeon F. H. Mallack U.S.A. to forward to me the proper measurements, on receipt of which the leg will be furnished by a workmen here and forwarded to you. The measurements should be made for rather more than the length of the limb, and when the artificial leg is worn down to fit comfortably, a ferrule should be put on the end to prevent further wearing or cracking.

Sir

I have the honor to inform you that, at my recent inspection of the Freedmen's Hospl. Augusta Ga., the following Articles of Commissary Supplies were reported by the Surgeon in Charge, Dr. M. F. Bowers. viz.

Corn Meal (bearing the name of Genl. Wright and Carr Atlanta Ga) not tested. Coffee Dirty. Brown Sugar bad. On examination I found that these Articles were not sufficiently bad to call for a Board of Survey, but as there was ground for the report of the Surgeon, I determined to bring it to your notice.

Dear Sir

I have the honor most respectfully to acknowledge the reception of your communications of July the 22nd and 23rd of this instant and take pleasure in stating to you that your apology has been received and is gentlemanly ample and sufficient and fully satisfactory. And I trust upon a better acquaintance with each other that nothing further will occur in our official or civil intercourse to require the repetition of that honorable remedy to wounded feelings which in the midst of papering events sometimes becomes necessary among gentlemen and officers. Rest assured that our misunderstanding as far as it concerns myself is entirely and completely ended and I shall from henceforth use my utmost endeavors to make our official intercourse pleasant and agreable. My thanks are due to Dr Laing for what he has done in this behalf and you will do me the favour of conveying them to him. To business.

I have presented your application in relation to the colored insane in the Hospital to their Honors the Judges of the Inferior Court and they have instructed me to say to you for them that

they will convene at the Clerks office in the City Hall in the city of Atlanta on tomorrow the 25th of July by the hour of 9 o'clock of this instant where they will hear with much pleasure such matters and things as you may deem necessary to present before them in relation to the colored insane. At which time if it is not too dangerous or inconvenient you will please have present the Lunatics so that the court may by inspection judge as to their Lunacy and also the witness as to the diseased state of their minds and the amount of property owned by them. The court trust that the time and place appointed will meet with your approbation. With sentiments of the highest respect I have the honor to subscribe myself Your

My Dear General:-

Pardon me please, for writing as a personal letter, what ought, perhaps to be an official one.

There is a colored woman here who is very crazy, and she is making much trouble - as she threatens, and attempts personal violence on all she meets. The civil authorities are informed that there is no more room at the Asylum in Milledgville, and they have appealed to me. They think if she could

be taken to the Hospital at Savannah for a time it would be well. She is a very dangerous person and night and day she is kept under close guard to prevent her burning the house and committing murderous assaults. Can I send her to the Hospital at Savannah? It is certainly an urgent case and I would gladly render assistance were it in my power; but I do not desire to pursue a course unwarranted by higher authority. Can I get transportation for her to Savannah? and can I be authorized to take her there?

They are besieging me to do something with her and I tell them I will write you at once. Upon authority and instructions from you I shall feel free to act in the matter. If you will please tell me what to do, and how to do it in the quickest possible time you will greatly oblige

Sir

I have the honor to report that no weekly Reports of Sick & wounded for any week of January can be found amongst the papers of Dr Lodge late A.A. Surg. and that the weekly reports for the weeks ending Decbr 7. 14. 21 & 28 are the only papers of that kind on file in this Office and that the reports have according to the statements of the Steward not been made out strictly by the regulations.

I therefore respectfully request to be furnished with Copies of all weekly reports for January that have been made by Dr Lodge to enable me to make out the balance of the weekly reports and the monthly report for that month

I regret this detention very much but the business of receiving and turning over Stores, making monthly re

ports as the change occurred very near the end of the month, the moving of the medical stores to a new locality, the current business of the Dispensary and Agency and finally the moving of my family have taken up my time to such an extent that I have not been as prompt and punctual as I should have been in the discharge of my new duties in the Dispensary. with the exception of the reports for the sick and wounded.

All Papers due from this Office will be forwarded as quick as possible and I shall endeavour to the best of my ability to be prompt and punctual in the discharge of all my duties hereafter

Sir

I have the honor to transmit monthly Report of Attendants for the month ending on the 10th of April 1868. as according to Circular, No. 8. Office Surgeon in Chief, State of Georgia dated April 3rd. 1868, it is required to furnish these reports in Triplicate. (one for the issuing Commissary). it may be necessary that all the persons hired, and drawing rations, should appear on the same, but as no contract has ever been made with Edmond Johnson, the attendant in the Dispensary and the two Seamstresses for next month, but as they are to be reported on No. 2. (Report of Persons and Articles Hired). according to previous instructions. the attendants report does only demonstrate the necessity of drawing rations for one instead of four attendants. If an alteration on this account is necessary, I respectfully request the report to be returned, so that it can be made & that Edmond Johnson and the two seamstresses can be

taken under contract and extends our this report.

Sir

In compliance with instructions, I have the honor to forward to You herewith, a List of Bedding, Furniture, and other Hospital Stores, in my charge. There are no papers on file in this office, to enable me to make any statements whatever in relation to the source from which those articles were supplied, or what date they were received. All the articles are borne upon my returns.

From verbal statements of Stewards, Chambless, I learn that the stores were supplied from Washington, from old Hospital supplies, and were received here by Dr. Geo. O. Dalton, A.A. Surgeon, in charge Dispensary, before August 1867. The quantity of articles, which are directly needed in the Dispensary, and such a quantity of bedding etc. as I would like to keep for extraordinary occurrences, are contained, in the right hand columns of enclosed Statement. (see headings of statement) The Stores were in a very bad condition, many

Dear Sir.

I have the honor to return the travelling accounts of Steward Chamblis with the corrections indicated in your letter from May 18th, hoping that they will answer the desired end and with your assistance secure to him the expenses, which he incurred in his Court Martial - trip to Atlanta.

Chamblis is a hardworking and faithful man, who discharges his duties to the best of his ability.

He informs me that the Judge Advocate informed him to send his papers direct to this Quarter Master as the matter had nothing

whatever to do with the Freedmens Bureau and that this was the reason why the papers were not forwarded through you.

I have not time now to write you more lengthily at present and being anxious to get off Chamblis' papers I close this letter and sign myself

Very respectfully & sincerely

Sir.

I respectfully acknowledge the receipt of your Circular Letter from June 2. '68 reminding me of my duty in relation to the report of quality and condition of medical stores received for the second Quarter of '68

I did send the receipts, one to the Chief Medical Officer - as I then thought - two to the issuing Officer as required by Circular Letter, dated Washington March 17. '68, but to my regret committed two errors in doing so, to wit: I send them direct instead of sending them through you and mistook Bvt Brg Genl Jos. K Barnes Surg Genl for the Chief Med. Officer, forgetting that

Brvt. Lieut Col L. A Edwards is the Chief Med. Officer for the Bureau R F & A Eds, an error caused by the fact that I have so very seldom any official communications to adress to the latter Officer, while the weekly and monthly reports of Sick and Wounded Soldiers remind me continually of the former Officer to whom I erroneously sent one receipt of those Stores.

I have the honor to enclose you Copies from my Letter sent Book of my letters of transmittal to these Officers stating that the quality and condition of the Stores received was good and also in correction of the mistake committed, a communication to Brvt Brig Genl Jos. R. Barnes directing his attention to my error and requesting him to have the misdent receipt for these Stores turned over to the proper Officer with the letter of transmittal enclosed in the communication to him.

If any other action for the correction of these errors is needed on my part I respectfully ask to be so informed.

These errors appear quite stupid to me now but they were unintentional and I respectfully ask to be excused for committing them.

Very respectfully
Your obd't Servt.
Ch. Rauschenberg.

Examination of the Circumstances of an Insane Freedwoman

Re the requirements of a letter dated June 6th 1867 were attended to.

D.r James M. Laing
Surgeon in Chief Geo,
Atlanta Geo,

Sir

In reply to yours of 29th ult. in regard
Lucy Dozier an Insane Mulatto woman, I have the
honor to state, She was first seen standing
near the entrance to the Hospital on the Morning
June 10th 67, she appeared as if she had traveled
a long distance, She was brought in the yard.
I examined her, I could not obtain any
information from whence she came, She appeared
to be nearly speechless, I ordered her admit-
ted in Hospital, She has since told her name
and Answered questions, Her insanity has
not been established in my mind until recently.

As not having complied with the require-
ments of a letter dated June 6th 1867, I was not
aware of any Order or instructions behind with
which I am not complied, I am obliged to

I say, that I can not find any letter on file in this office with instructions from the Surgeon in Chief, dated June 6th, 1864.

I have Circular 20 dated War Department Washington D. C. June 6th 1864, I can see nothing in this in regard to me or with which I have not complied. Please inform me what is required and it shall be attended to without delay.

Sir

I have the honor to transmit herewith Weekly Report of Sick and Wounded Freedmen for the week ending Saturday September 14th 1867.

A Man Lucy Logan's friends heard what I intended to do with her. They became anxious to take her once in Alabama from whence they said she originally came and had three children residing. She not being troublesome I granted the request; which was before I had rec'd your instructions of September 3rd 1867.

Sir

I have the honor to return weekly reports of Aug. 31st Sept 7th and 14th with corrections.

I have also to state that a Steward or Clerk is very much needed in this district as often I am compelled to be absent nearly two days visiting the neighboring islands: and during my absence the dispensary is closed and the patients in the city neglected to a greater extent than would be if I had an assistant. If I would be allowed to employ a clerk only when required. The plan would answer as well and it is thought, would be less expense to the Government.

I have the honor to inform you that I have just rec'd a Circular Letter from Office of Surg. in-Chief Gn. stating that a moderate quantity of "extract of beef" will be furnished Hospitals if the Surgeon in Charge should desire to have any. Having rec'd such notice causes me to suppose the same will be issued to Dispensaries. If this be correct, I would respectfully request (2) Two Dozen Cans to be issued to out-door-patients.

Dear

Yours of 15th Inst. requesting me to make inquiry in regard to a lot of Blankets I shipped to Atlanta, in Feb. last has been duly rec'd. Yesterday being Sunday I could make no progress. This morning as soon as possible I went out to procure the desired information and found the boxes of Blankets rec'd and forwarded to Atlanta by Mont'g and W. P. Rail Road Feb. 29th 1868. There is no doubt the goods are at Atlanta Depot.

I thought Dr. D'Alvigny was a long time before he sent me the Receipts.

Sir -

Please to send me a half dozen blank "Acct for Medical Service rendered to Commissioned Officers & and enlisted men doing duty in Bureau" - as mentioned in your circ of June 12th 68 -

I think they afford an opening which will enable me to get back some $250 paid for medicine and attendance for self, last Summer, during the temporary absence, and illness of Dr Taylor, which prevented my employing him -

I have another account for Service rendered by Dr Stewart this spring, whom I employed from choice - which can't be brought in. I suppose? It has been my intention to consult you about last Summers acct, but I delayed from time to time, till the receipt of this circ letter brings it before my mind. Again. I shall be thankful for any advice you can give me -

Very respectfully Yours -

I have the honor to respectfully request that you give me the appointment of a Surg U S A at Americus or else where if the appointment is made, We would prefer this place for the following reason viz. I have a suitable house in this City of my own where I can attend to my patients &c without cost to the government.

I am the exception with Southern men I have Served two years in the U.S Army & also in the Bureau & have clear & satisfactory receipts of property returns, also indorsements that the Services were satisfactorally performed.

By giving this mater your favorable consideration you will much oblige

Lieut;—

I have the honor to represent, that last-year owing to the low price of Cotton very few of the freedmen were able to pay their Doctors Bills and in consequence the doctors refuse to attend on them unless they pay beforehand which scarcely any can do. I have had sick freedmen both-to my office and have felt-obliged to go and buy them Medicine myself. As the Sickly season is about-here and it seems probable that unless some relief is at-hand, great-deal of suffering will exist. I respectfully ask that a Dispensary be established at-this place for the purpose above indicated.—

Sir,

Should yellow fever, or any disease of epidemic form, invade Savannah, the Freedmen's Hospital at that place must, of course, be continued until the fall, or such time as you may regard it proper to make a transfer to the civil authorities. As another hospital will be required to afford further care of sick and helpless freedmen for a temporary period, you will use your discretion in making the selection, and in all other administrative matters of the Medical Department, keeping in view the purpose to close up all hospitals, if at as early a period in the Autumn or Winter as is practicable.

Doctor

Your Lett of July 18th is received and it troubled me not a little to think that you labor under the impression that Yours of April 29th was not answered through grofs carelefsness or willful neglect, neith of which was the fact. I was und the impresion that it had bun answered long before this, and had so filed it and but for your letter of the 18th inst would have continued to think so. I will forward with next mail all back receipts that I have. I have always considered and made it a point of my official duties to Keep all of the Books which you mention in your letter. I trust that this explanation of the reason why your letter of the 29th of April was not answered may be received satisfactorily, with the assurance that it will not on my part occur again.

Lieut;

I have the honor to State some additional reasons for the establishing of a Dispensary at this place in connection with my application forwarded to you on the 15th of this month.- More than nine tenths of the colored people in the three counties under my jurisdiction, comprising over 15,000, worked last year for a portion of the crop and in consequence of the low price the Cotton bro't- and the very high prices Corn & Bacon were sold for, left- them without a dollar to pay their Drs bills.- It- was not from desire but sheer inability

that they did not pay them. The consequence is that the Drs absolutely refuse to attend them and as the Sickly Season is now very near it is greatly feared owing to the excessive drouth. that Epidemic fevers will be very prevalent. Within the last week colored women have been brot several miles in the hands of their friends and laid down by my door & no Dr in the town would attend them unless I would pay the bill which I have had to do. — As the civil authorities are hardly organized & & no taxes have been levied or will be collected until December & no provision has been made nor is it likely will be during this year. I am satisfied a Dispensary established now and to continue only during this present year until the civil Government can have time to act-

Surgeon in Chief State of Georgia
Atlanta Ga.

Sir.

I have the honor to acknowledge the receipt of your communication of the 18th inst with reference to my endorsement of the 16th and in reply I will respectfully say that I am exceedingly sorry that my meaning has been construed entirely different from my intentions. I most certainly meant no disrespect to you nor disobedience to instructions I only intended to be understood as explaining how it happened that I called for "Additional

Articles" on my Requisition for Med.l and Hospital supplies and nothing more. Which was as I stated, because I supposed the instructions of the Surgeon in Chief referred to in the endorsement were valid. My error in this supposition was the result of my carelessness. Had I as I should have done, noticed the date and read carefully the Circular Letter from C. M. O. of July 10th 1867 I should not have called for those Articles on my Requisition, for I do know that instructions from a superior officer cancel instructions from an inferior one. Also if I had given proper attention to the "Circular Letter" above referred to I should not have called for "Additional Articles" at all in the first place for in the last paragraph but one, page 2. is stated that the "Standard Table as recently amended or slightly enlarged will be rigidly adhered to, as it is believed to contain all the essentials of practice". After my Requisitions were returned and I discovered that to obtain the "Additional Articles" I called for, my reasons would have to be distinctly and fully set forth, and not understanding that I should falsify my Requisition unless I did call for those Articles and also that my reasons might not be considered sufficient. I done as I did for which I hope to be forgiven.

Sir,

I was a good deal surprised at your endorsement dated July 16" in answer to mine of July 11" with reference to "Additional Articles" in your Requisition for Med and Hospl Supplies. Surely you have been long enough in the Service to know that later instructions from a superior authority cancel instructions previously given by an inferior. And yet you quote instructions from Surg. in Chief Staff of Ga dated Macon Ga June 11" 1867, as your authority for not having complied with Circular Letter from the E. M.O. dated July 10" 1867. My endorsement also instructed you to Comply with the requirements of that Circular Letter from Office E. M.O. which you have not done, but sent back the Requisition with the "Additional Articles" marked out, thus setting at naught my instructions to you. And falsifying your own Requisition, unless any particular Circumstances have arisen rendering these "Additional Articles" which were necessary on July 1st the date of your Requisition, no longer necessary on July 16th when you returned it. I should think that "Special Disinfectants" were essential with an epidemic disease almost at your very door. And although I have

over

forwarded your Requisitions yet there is no reason why you should not requisition for them separately as directed by Circular Letter from S. M. O. above referred to.

Sir

I have the honor to forward herewith, Invoices corrected as per request which have just been rec'd and will be forwarded at once.

The Certificate never accompanied them when I was in Atlanta.

When I was last in Savannah I had but little time to do business being late when I came in, I had the Certificate executed before a Notary supposing that a Notary who had a seal did not require the Certificate of Clk. of Court; being after business hours then & consequently were not issued.

Any Communication that may come to the above address will be forwarded to me wherever I may be ——

As I said in my note Yesterday — I will go to Washington next week and will be there for a week or ten days or until my affairs, and all letters left at the Gaither Druggist a friend of mine Cor. 9th and 7½th.

Sir

I have the honor to report that there are a good many freedmen about here who are in very bad health and who are not able to provide themselves with medical attention, most of their ailments are ague & complaints arising from bilious stomach, which with the proper medicines I can treat about as well as enough to be of considerable help to them, I therefore request that this office be supplied with such medicine as Dr Bantenby may think proper to send, with his instructions for their use.

I find in the interior of the district a great deal of destitution — much more than there is in Brunswick — and think it would be (i.e the dispensary would be) more valuable if those at such great distance from it could have better access to the benefits derived from it — To accomplish this, I would suggest its location in a more central place — for instance Camden Co — the county seat being (I believe) St Marys — In Camden Co. is on board several places on the Satilla Rivers which are

very unhealthy during the summer months, and where no physician can be found within some ten or fifteen miles-.
I visit those places when I can - that not being very often as I have to be here to make up my mail. There is but one mail weekly - and if that is not taken in time - all business is delayed one week.

I have the honor to enclose copy of a proposition which I have this day made to His Honor the Mayor of Savannah to be laid before the City Council. As the City Council meets on Wednesday and they have no provision for the care of the sick indigent freedpeople in this city or county. I have taken the liberty of making this proposition which is the same as that made to the authorities in Augusta on closing the Hospital there and trust that it will meet with your approval.

I leave this for Brunswick

Report of Special Committee of City Council of Savannah Ga

In reference to proposition of Surgeon James M Laing Surgeon in chief Dist of Ga B.R.F & A.L. turning over to City Authority certain hospital accomodations for Indigent Freedmen. Undy certain terms and conditions.

THE NATIONAL ARCHIVES OF THE UNITED STATES

Copy

Report of Special Committee City Council of Savannah to whom were referred the Communication of Surgeon James McLaing Surgeon in Chief Dist of Georgia USA dated Septmber 2nd 1868.

Savannah September 8th 1868.

The undersigned Special Committee of Council, have thoughtfully Considered the Communication of Dr James McLaing Surgeon in Chief Dist of Ga, Proposing to give the use of the buildings now occupied as a Freedmans Hospital, with a sufficient supply of Hospital Stores Bedding &c for the next two months, and to fit up a Hospital of fifty beds, on condition that the Municipal Authorities will guarantee the admission of such Cases of Sickness among indigent freed people as shall require treatment in Hospitals, and shall provide them with proper Medical attendance Medicines and food.

Whilst recognising the obligation of the City to aid the necessities of its own pauper population, we find that Savannah has not been unmindful in her Charity, —— The Records show that in the past year more than Three Thousand dollars ($3000 00) have been expended in furnishing supplies — Medicines and burial fees for the indigent, whilst the amount of taxes paid into the Treasury by the Freedmen as a class, is at most inappreciable in its insignificance, We cannot therefore recommend the adaption of a system, which once undertaken would be perpetual, and would introduce into our midst the vicious and refugee population of the parishes of South Carolina and of the adjoining Counties of our own state.

The establishment of a Hospital on the terms proposed, would swell the Class of Vagrants that already festers on our pavements, by holding out the promise of Comfortable accomodation to the idle, and an easy refuge for the depraved and criminal negroes of the interior. Already our city is overrun with this class of freedmen many of whom are fugitives from justice, living in —

(Continued)

idlemen and preying upon the law abiding citizens of our Community

For the above reasons your Committee respectfully report against the acceptance of the proposition submitted to our consideration. All of which is respectfully submitted.

Dear

I have the honor to state that the time since my assignment to duty in Chge of the Dispensary has been so limited, that I have been unable to inform myself thoroughly as to the health of this District. In Schley County I am well informed, and would state that since the year 1864, I have been actively engaged in the practice of Medicine in said County, and have never met with so many cases of disease (principally, Miasmatic, Rheumatic, Sometimes Venereal, Uterine, & many of Women) nor of so much suffering for want of medical attention as

exist there at the present time. Many cases (from Congestion of vital organs) are fatal, which (I think) might have been prevented by proper and timely treatment. The Friendless, from various causes, have been unable to make any thing more than an ordinary support, and in many instances living for months without meat. The disasters to the growing crop, this season, have deprived them of their usual credit; & Physicians are loth to practice & financial medicine in time without a fair prospect of remuneration. In this city & vicinity; there is much sickness, Especially is it true about the Plains of Luna is Dona Co. No report from Webster Co. The same causes, however, I suppose, operate throughout the district & produce the same effect.

Very respectfully

Sir

I have the honor to transmit for approval Triplicate Requisitions for med. Stores for the Quarter commencing October 1 and ending December 31. 1868.

The number of freedpeople of all ages and sexes in Dougherty and the adjoining counties within reach and depending upon this Dispensary is estimated at about 15000, out of which number at least 25 per cent will be suffering from disease during the next Quarter, hence the number of patients per Quarter will be about 3600 to 3750, 1250 to the month and 312 to the week,

The requisition therefor has been made out for 300 beds.

I would respectfully request that the requisition
for 16 doz ~~of~~ roller bandages amongst additional articles may be approved
as bandages are very frequently needed.

Very respectfully

I am directed by the Commissioner to call your attention to the imperative necessity of taking, at an early day, measures preparatory to breaking up the Hospital and Dispensaries, and the withdrawal of aid from Orphan Asylums in your State. After the 1st of January next, no further support by this Bureau can, according to law, be extended to these institutions. You will therefore exert yourself to induce the State, County, or Municipal Authorities, to assume the care of the sick and helpless freedmen, as also the inmates of the Asylums. For the latter, if possible, interest the sympathies of private benevolent Associations. The Commissioner desires

to gradually withdraw the care of these people, here-
-tofore exercised by the Bureau, and in the manner
to occasion the least possible suffering.

Please report your action in this matter.

Very Respectfully
Your Obedient Servant

Sir

I have the honor to acknowledge the receipt of yours of 5th inst. informing me of my appointment as Agent &c. at a salary of $75. per month for two months, for which you may rest assured I feel very grateful. the more so as it was unexpected by me. The receipt of the medical supplies will be of great assistance in this District and to me personally as I have had frequently to refuse really meritorious cases, because I had not the means to supply the remedies needed. and the parties were to old & poor to furnish themselves. I shall endeavor to carry out your intentions as well as I am able. and will report as you may direct - and in meantime remain

Respectfully Yours

Yours of Oct 5th 1865 is at hand and
in your order of inquiry Duly noticed
and I now answer in reply which I hope
will be Satisfactory 1st my Cases are
mostly intermitting & remitting fevers
and So Subject to relaps. or return every
alby not more than two weeks until I have to
prescribe again for the same Case and a
Discharge would amount to the aparance
on the next weekly report to an additional
new Case at this sickly time; and as the
Expense to the government is the same I have
omitted to discharge These Cases
2d The most of my other Cases are very called
and debilitated Cases with pains Rheumatic
Neuralgia Infarctis ulcers Spinal Complaints
and Such like that are on hand all the
time though I may not prescribe in some
Cases more than one time in a month
3d Some of these Cases might have been
discharged But I scarcely know which Case
to discharge

over.

4th The health of the people are now improving somewhat, not so many Malaria Cases & not so many new-Cases and I will now this week discharge Every Case on hand that will admit of it without having to be put on again as a new Case by the next report

5th I Cannot Comply with with your order for week ending Oct 3d for it is gone up at the first mail thereafter

The above Statements are the facts & I hope will be Satisfactory
